**Subject:** SA.57779 (2020/N) - EEG 2021 - evaluation plan  
**Date:** vendredi 26 février 2021 14:07:25  
**Attachments:** Entwurf Evaluierungsmethodik EEG 2021 (DE - Part III.8)\_BMW-17-02-2021\_COMP feedback.docx

---

Dear Felicitas,

Please find attached some further fine-tuning and a few final comments on the EEG 2021 evaluation plan, for your review and to implement if fine with you.

There is one outstanding point on which we would like to have another discussion with you, namely on the data availability to analyse the impact of the rule on negative prices and fixed vs floating premium.

We propose to have another meeting at technical level on the data issues in the course of next week. In particular, we would like to know whether there is no other means to gather further (at least partial) data on this, which would allow you to do an assessment. Any proposals would be welcome.

We are available for such a meeting next Monday 1/3 (pm), Tuesday 2/3 (pm), Wednesday 3/3 11am, or Friday 5/3 (am). Could you please let me know what date and time would be most convenient on your side to have such a discussion?

Many thanks in advance!

Best regards,  
An (for the team)

**Subject:** AW: SA.57610 (2020/N) - Offshore wind support - evaluation

Dear An,

Many thanks for your message. Please find yet another up-date of the evaluation plan in the attached. In our view everything should be addressed now. Please shout if you have any questions or doubts.

Thanks a lot and best regards,

Felicitas

**Betreff:** SA.57610 (2020/N) - Offshore wind support - evaluation

Dear Felicitas,

As agreed yesterday in the call between Anna Colucci and Volker Oschmann, we will prepare the decision on offshore wind separately by the end of this week (to start the internal consultation process, aiming at the delivery of a decision early March). As stressed during the call, to that purpose we would need to have the evaluation plan, for which at least the general parts and the specific questions dealing with offshore wind are finalised.  
Many thanks in advance.

Best regards,  
An (for the team)
